Forecast for Thursday 19 May 2022

Weather: Thursday will see a lot of dry weather with sunny periods, although more in the way of cloud developing in the afternoon. Dry through the evening with cloud thinning.

Chance of cloud-free hill tops above 800m: 90%

Low Cloud and visibility: Very good visibility with great air clarity. Some thin cloud on southern upslopes around 700 metres at first across the Perthshire and Angus hills, and the Ochils but this dispersing through the morning.

Met Office Aberdeen Meteorologist's View
Strong winds at height will lead to notable wind chill on Thursday, especially under cloud cover.

Forecast for Friday 20 May 2022
Weather: A dry morning with some hazy sunshine. Thickening cloud will bring widespread rain for a time in the afternoon, some of this heavy and drenching in the strong winds. Drier and brighter weather with the odd shower following on from the west from early evening.

Maximum wind: Southerly average speeds around 20 to 30 mph, gusts 40 to 50 mph on summits

Chance of cloud-free hill tops above 800m: 50%, best chance across the Aberdeenshire hills.

Low Cloud and visibility: Some patchy cloud around 700 metres on southern upslopes in the morning. Then more extensive low cloud across western and southern ranges in the afternoon as rain arrives, cloud down to 750 metres shrouding the tops. Ranges across the north seeing more shelter and less in the way of low cloud.

Temperature: **Glens:** Plus 6 rising to 15 Celsius
At 800m: Plus 6 Celsius
Freezing level: Above summits
